

MZ-3630-03

Outdoor Manual Zoom Color IP-Camera

- Day/Night switching for low light conditions
- Suitable for harsh weather environments
- 30 fps in 720p HD resolution
- H.264, MPEG4, MJPEG

The MZ-3630-03 is a high-quality, high-resolution wireless color video camera with a vari-focal lens and auto-iris. It will produce high-quality video in low light conditions to 0.1 lux. The standard lens is adjustable from 3.0 to 8.0 mm, to provide a horizontal field-of-view of over 90 degrees. A range of telephoto and wide-angle lenses are available as options.

The camera can accept one contact closure or TTL input from an auxiliary security or process-monitoring device to initiate automatic views and video recordings of intrusions or process malfunctions.

The camera is capable of transmitting video wirelessly via 802.11 b/g and is housed in an outdoor weatherproof enclosure with heater and blower. This enclosure is rated IP66.
