

XtendaPole – “Extend Your Reach”

Spectrum Instruments Ltd’s **XtendaPole** products are a complete line of high quality extension poles that were designed for vibration analysts, by vibration analysts, to reach awkward or inaccessible vibration measurement points, quickly and safely.

Features

- **Patented head assembly for quick and easy adjustment – lockable spring loaded head assembly supports infinite number of angles; assorted sleeve inserts allows the head to support vibration sensors from 0.5” to 1-1/4” OD**
- **Anodized head finish for long lasting service**
- **Light weight head – 5.6 oz**
- **Positive lock for safe pole extension**
- **Non-conductive fiberglass handle for operator safety**
- **Velcro cable management system for safe, easy extension cable placement**

TO ORDER: email info@spectrum-instruments.com or contact a Spectrum Sales Partner near you.

A SPECTRUM EXCLUSIVE

ORDERING INFORMATION

XTENDAPOLE – STANDARD (for use with sensor/magnetic mounts with OD 1" or less)	
PART NUMBER	EXTENSION LENGTH
XTENDAPOLE-23.....	2.25' - 3.50'
XTENDAPOLE-47.....	4.0' - 7.0'
XTENDAPOLE-611.....	6.0' - 11.0'
XTENDAPOLE-814.....	8.0' - 14.0'
XTENDAPOLE-824	8.0' - 24.0'

XTENDAPOLE – HEAVY DUTY (for use with sensor/magnetic mounts with OD > 1")	
PART NUMBER	EXTENSION LENGTH
XTENDAPOLE-HD23.....	2.25' - 3.50'
XTENDAPOLE-HD47.....	4.0' - 7.0'
XTENDAPOLE-HD611.....	6.0' - 11.0'
XTENDAPOLE-814.....	8.0' - 14.0'
XTENDAPOLE-824.....	8.0' - 24.0'

CONFIGURE AN EXTENSION POLE THAT:

- *MEETS / EXCEEDS YOUR APPLICATION REQUIREMENTS*
- *IS DESIGNED BY VIBRATION ANALYSTS FOR VIBRATION ANALYSTS*
- *RUGGED CONSTRUCTION ENSURES LONG LIFE*
- *MEETS OR EXCEEDS MOST PLANT SAFETY STANDARDS*
- *IS COMPATIBLE WITH MOST DATA COLLECTORS / ANALYZERS*
- *IS PRICED COMPETITIVELY SO YOU CAN AFFORD MORE THAN ONE*
